

## GRADY COUNTY DRUG AND ALCOHOL TESTING POLICY

To enforce the policy against drugs and alcohol in the workplace and the policy against employees reporting to work under the influence of illegal or abused drugs or alcohol, Grady County will/may require an individual to undergo a test for drugs and/or alcohol under the following circumstances.

It is the County's intention to comply fully with the Oklahoma Statute on drug and alcohol testing, and the regulations of the U.S. Department of Transportation (49 CFR, Parts 40 and 382). In the event the State laws, State regulations or the DOT regulations are changed, this policy will be amended to reflect those changes and to remain consistent with State laws and regulations and DOT regulations. In such event, the County will notify all employees of these changes.

Paragraphs "1" through "**17**" below apply to all employees of Grady County except those covered by federal law or regulation through the Department of Transportation because they drive Commercial Motor Vehicles (CMV) requiring a Commercial Driver's License (CDL).

Drug or alcohol testing of all drivers of Commercial Motor Vehicles (CMV) which require a Commercial Driver's License (CDL) is required by and conducted pursuant to federal law or regulation through the Department of Transportation. This testing is exempt from the provisions of paragraphs "1" through "**17**" below and is covered by paragraphs "**18**" through "**33**" below.

2. **Applicant Testing:** Applicants who have received a conditional offer of employment will be required to submit to drug and/or alcohol testing. A positive test or a refusal to undergo testing may result in a refusal to hire.

3. **For-Cause Testing:** Any time the County reasonably believes an individual is under the influence of drugs or alcohol, the County may require a drug or alcohol test. Circumstances causing the County to require testing of an individual may include, but are not limited to:

- A. Drugs or alcohol on or about the individual's person or an individual's vicinity;
- B. Conduct on the individual's part that suggests impairment or influence of drugs or alcohol;

- F. Excessive or unexplained absenteeism or tardiness.

4. **Post-Accident Testing:** If an employee's conduct could have contributed to an accident while at work which results in an injury to the employee or

another person or damage to property, including damage to equipment, the employee may be required to undergo drug and or alcohol testing. If the County conducts a post-accident test, the County will require employees whose conduct could have contributed to the accident to undergo a drug or alcohol test, whether or not they reported an injury.

5. Random Testing: The County may require the following individuals to undergo drug or alcohol testing at random and may limit its random testing to particular employment classifications or groups:

7. Post-Rehabilitation Testing: In those instances in which the County offers or requires an employee the opportunity to successfully complete a drug and/or alcohol rehabilitation program in lieu of dismissal or following a positive test that did not result in dismissal, the employee may be required to undergo drug or alcohol testing for a period of up to two years commencing with the employee's return to work.
8. Transfer/Reassignment: If an employee transfers to a new position or job, or if an employee is reassigned to a different position or job.

**11. Substances Which May Be Tested**

Under this Policy, the County shall test for drugs, including marijuana, and alcohol.

**12. Testing Methods and Collection Procedures**

- A. Samples shall be collected and tested only by individuals deemed qualified by the State Department of Health and may be collected on the premises of the employer;
- B. Only samples deemed appropriate by the State Department of Health for drug and alcohol testing shall be collected;
- C. The collection of samples shall be performed under reasonable and sanitary conditions;

- E. Samples shall be collected and tested with due regard to the privacy of the individual being tested. In the instances of urinalysis, no employer or representative, agent or designee of the employer shall directly observe an applicant or employee in the process of

producing a urine sample; provided, however, collection shall be in a manner reasonably calculated to prevent substitutions or interference with the collection or testing of reliable samples;

- F. Sample collection shall be documented, and the documentation procedures shall include:
  - 1. labeling of samples so as reasonably to preclude the probability of erroneous identification of test results, and
  - 2. an opportunity for the applicant or employee to provide notification of any information which the applicant or employee considers relevant to the test, including identification of currently or recently used prescription or nonprescription drugs, or other relevant information;
- G. Sample collection, storage, and transportation to the testing facility shall be performed so as reasonably to preclude the probability of sample contamination or adulteration;
- H. Sample testing shall conform to scientifically accepted analytical methods and procedures. Testing shall include confirmation of any positive test result by gas chromatography, gas chromatography-mass spectroscopy, or an equivalent scientifically accepted method of equal or greater accuracy as approved by Board rule, at the cutoff levels as determined by Board rule, before the result of any test may be used as a basis for refusal to hire a job applicant or any action by an employer pursuant to 40 O.S. § 562 of this act;
- I. A written record of the chain of custody of the sample shall be maintained from the time of the collection of the sample until the sample is no longer required; and
- J. The County will use testing services and facilities which have been licensed by the State Department of Health to test for the presence of or abuse of drugs or alcohol.

**13. Records**

Records of all drug and alcohol test results and related information are the property of the County. However, upon written request, those test results and related information will be made available for inspection and copying to the individual tested. The drug and alcohol test results and related information will be treated as confidential and will be maintained separate from other personnel records. Testing records may be provided to County employees, agents or representatives who need access to such records in

the administration of the Standards for Workplace Drug and Alcohol Testing Act. The County may share drug and alcohol test results and related information regarding employees of independent contractor or subcontractors with the respective independent contractor or subcontractor, as provided by the County's contractual agreement.

The employee grants permission to the County to release testing records and/or results for purposes of unemployment, Workers' Compensation and other employment-related legal actions. Additionally, testing records are admissible as evidence in a case or proceeding before a court of record or administrative agency if either the County or the individual tested are named parties in the case or proceeding. Further, testing records shall be released in order to comply with a valid judicial or administrative order.

The testing facility, or any agent, representative or designee of the facility, or any review officer, will not disclose to the County, based on the analysis of a sample collected from an individual under this Policy, any information relating to the general health, pregnancy or other physical or mental condition of the individual. The testing facility will release the results of the drug or alcohol test, and any analysis and information related thereto, to the individual testing upon request.

**14. Consequences for Violating the Testing Policy**

- A. **Refusal to be Tested:** Any individual who refuses to submit to the County's request for drug and/or alcohol testing, or refuses to complete the required forms will be subject to termination from employment, or will not be eligible for employment, as the case may be. Interfering with and/or failing to cooperate with the testing process will be treated as refusal to be tested.
- B. **Adulteration, Tampering or Manipulation of Samples:** The actual or attempted tampering, adulteration and/or manipulation of drug and alcohol testing samples is prohibited. Any individual who attempts to alter, tamper or manipulate any testing samples will be subject to termination from employment, or will not be eligible for employment, as the case may be.
- C. **Personnel Action Which May Be Taken as a Result of Policy Violation or a Positive Test Result:**
  - 1. Any individual who violates this Policy regarding consumption, use, transfer, solicitation or sale of illegal drugs, illegal possession or inappropriate or moderate use of alcohol or the abuse of prescription or over-the-counter drugs will be

subject to disciplinary action, including but not limited to termination.

2. Any employee who tests positive will be subject to discipline up to and including termination. However, the County may, in its sole discretion, suspend disciplinary action or impose discipline less than termination, on the condition that the employee successfully completes a program of rehabilitation or treatment satisfactory to the employer. An employee who refuses such an opportunity or who has been afforded this opportunity, but who does not successfully complete their rehabilitation or treatment of the program will be subject to termination from employment.
3. Employees and applicants who test positive for marijuana or its components may be subject to disciplinary action up to and including termination under the County's Marijuana Use Possession or Impairment Policy.
4. For employees and applicants with a valid Oklahoma medical marijuana license and who are not in safety-sensitive positions, no employment action will be based solely upon a positive test for marijuana components or metabolites.
5. Safety-sensitive positions: Any applicants who apply for positions designated by County as safety-sensitive are not eligible for hiring if they test positive for marijuana components or metabolites. Any employees who hold positions designated by County as safety-sensitive are subject to discipline up to and including termination if they test positive for marijuana components or metabolites. These safety-sensitive prohibitions apply to applicants and employees who have valid Oklahoma medical marijuana licenses.

**15. Confidential Explanation by Individual**

Any individual who receives a positive drug test result or has otherwise violated this Policy will be given an opportunity to offer an explanation, in confidence, to a representative of the County.

**16. Appeal Procedures**

Within 24 hours of receiving notice of a positive test, an individual may request a subsequent confirmation test of a sample. The individual shall pay all costs of the subsequent confirmation test, unless the subsequent confirmation test reverses the findings of the challenged positive test. In those cases where the confirmed test reverses the initial findings, the County will reimburse the individual for the cost of the subsequent confirmation test.

An individual who is aggrieved by an alleged violation of the Oklahoma Standards for Workplace Drug and Alcohol Testing Act may file a civil action within one year of the alleged willful violation.

**17. Changes to this Policy**

Any part of this Policy can be changed by the County with ten (10) days written notice.

RANDOM TESTING.** The County shall randomly select a sufficient number of drivers for testing each calendar year to equal an annual rate not less than the minimum annual percentage rate for random alcohol and controlled substances testing determined by the Administrator of the Federal Motor Carrier Safety Administration. - 25. FOLLOW-UP TESTING.** If Grady County decides to return a driver to safety-sensitive functions under paragraph “23” above, the driver will be subject to follow-up testing. Such testing shall be in accordance with the plan established by a Substance Abuse Professional, but shall not be less than six unannounced follow-up tests in the first 12 months of safety sensitive duty following the driver’s return to safety sensitive functions. Such testing shall be in accordance with 49 CFR §382.311 and 40 CFR Subpart O, §§40.281-313.
