Commissioner Davis read the section on Control Environment for everyone to respond. Commissioner Davis then said that we needed to talk about the records in the attic and what we are going to do about them. There were several suggestions being made by several people, some of those were build new buildings, leasing storage buildings, or using some of the buildings that Grady County already owns. The records must be moved for our renovation project to begin, stated Commissioner Davis, and it is not feasible to get this done with those records in the way. They are a hazard to the people that would be doing the electrical and plumbing work and could potentially be harmful to the records as well. The Commissioners wanted to keep checking on some of the different options before deciding.

Zachary Davis made a motion to adjourn. It was seconded by Kirk Painter. AYE: Zachary Davis, Kirk Painter, and Gary Bray.
